Dear Mr. Kubilius,

Please allow us to take this opportunity to express our sincere gratitude for your immense contribution to the #LightUpUkraine campaign.

We greatly appreciate your involvement, as you were one of the first to support the solidarity initiative. Your efforts to contact mayors and representatives of local constituencies have been invaluable in helping to raise the public's awareness of the humanitarian catastrophe that is taking place in Ukraine. With your assistance and encouragement, the number of cities and towns partaking in this initiative has increased drastically.

We would like to share some materials and statistics about the campaign.

- Twenty-two cities have participated in this initiative, covering 59 cities and small towns.
- The overall number of locations where the lights were switched off is 111.

We are sorry for this delay in giving you more details about the results of the campaign. However, we hope that we will be able to hug and thank you personally on 24 February.

Thank you once again for always being a true and great friend of Ukraine. Your dedication and commitment to this cause are genuinely inspiring, and we are deeply grateful for your quick reaction and support.

Yours sincerely,

Dmytro Natalukha, MP of Ukrainian Parliament
